Founder  
**Dr. Mohan Lal Grero**

### Words OF WISDOM

**Y**ou and I have an opportunity to inspire those around us. Each person that enters our lives, a stranger or a lifetime family member is going to see something within us. To make this world a better place, let us

focus our minds on having a positive and loving influence. That influence will have a butterfly effect unlike any other because it comes from you.

This universe that we live in allows us to create wonderful things all around us. Let us begin with a smile. When you smile at someone, something happens and in most cases, you will receive a smile back.

What if you saw someone struggling and you were to help that person? If each one of us could take just a few minutes everyday to help someone in need, wouldn't this world be a better place?

By being yourself and teaching people through your everyday actions, you become an inspiring individual.

*Take that power that you have within and share it with the world in the most loving way that you know how.*
