## MESSAGE FROM OUR FOUNDER MR. MOHAN LAL GRERO

**“Life is a  
succession of  
lessons which  
must be lived to  
be understood.”**

**- Helen Keller**

About a hundred years ago, a man looked at

the morning newspaper and to his surprise and horror, read his name in the obituary column. The newspapers had reported the death of the wrong person by mistake. His first response was shock. Am I here or there? When he regained his composure, his second thought was to find out what people had said about him.

The obituary read, “Dynamite King Dies.” And also “He was the merchant of death.” This man was the inventor of dynamite and when he read the words “merchant of death,” he asked himself a question, “Is this how I am going to be remembered?” He got in touch with his feelings and decided that this was not the way he wanted to be remembered. From that day on, he started working toward peace. His name was Alfred Nobel and he is remembered today by the great Nobel Prize.

Alfred Nobel 1833-1896

Since 1901, the Nobel Prize has been honouring men and women from all corners of the globe for outstanding achievements in physics, chemistry, medicine, literature, and for peace related work. The foundations for the prize were laid in 1895 when Alfred Nobel wrote his last will, leaving much of his wealth to the establishment of the Nobel Prize. Just as Alfred Nobel got in touch with his feelings and redefined his values, we should step back and do the same.

What is your legacy?

How would you like to be remembered?

Will you be spoken well of?

Will you be remembered with love and respect?

Will you be missed?

## LEAVING FOOTPRINTS IN THE SANDS OF TIME LYCEUM INTERNATIONAL SCHOOL

BY JAMNA PADMANABAN

**‘Education is an ornament in prosperity and a refuge in adversity’.**

**ARISTOTLE**

Inspiring words, elevating words! Words which empowered our Founder, Mr. Mohan Lal Grero to absorb the essence of these enriching thoughts of the great Greek philosopher, and embark on a journey. An odyssey which has lasted 23 years, during which he has touched the lives of thousands of children and lifted them out of the abyss of illiteracy into the rejuvenating atmosphere of educational pursuits.

Lyceum International School was born in a very humble manner. In 1993, with great determination and faith, he founded the school with only 7 students and 4 teachers, operating from 2 rooms in Nugegoda. This seed, planted 23 years ago, has now grown into a massive tree, sending out branches to all the corners of our island. Today, the network of Lyceum schools spans the length and breadth of Sri Lanka, from Nugegoda to Nuwara Eliya; from Panadura to Wattala; from Ratnapura to Anuradhapura; from Kandana to Gampaha. 2 new branches are springing up at Kurunegala and Bandarawela as well.

**‘Know Thyself’** is the motto of the school. Lyceum is a nonprofit organisation. The first and foremost priority of Lyceum is the appropriate and adequate education of the students. In order to achieve this important objective, the school has a well-qualified academic staff, who execute their duties with sincerity and dedication. The management of the school ably guides the staff, by providing them with strong support and necessary facilities. Mrs. Kumari Grero, the Coordinating Principal, manages the Lyceum network with a sense of total commitment. She displays her capability in addressing the

academic, administrative and disciplinary issues in a very amenable manner. She strongly believes that the key, to successful administration is loving kindness. The Principal Ms. Wenuri Hettiarachchi and the Director, Mr. Nikitha Grero, both past students, offer very able assistance to Mrs. Grero.

The present student population of the Lyceum Group of Schools is 17500 with an academic staff of 2500. Students hail from multi-ethnic and multi-religious backgrounds. Keeping this fact in mind, the schools recognise the vital importance of building up children’s character around social and cultural values. Fulfilling this need, the schools conduct various religious and cultural programmes. This adds credence to the belief “Unity in diversity”.

The system provides the necessary infrastructure required for an ideal international standard of the teaching / learning environment. Students are provided with education from Nursery to G.C.E. A/L for both National and Cambridge Boards. From Grade 8 onwards, students are guided to follow either the National or Cambridge streams and curriculum.

‘A healthy mind in a healthy body’. At Lyceum, this adage is taken very seriously. Therefore, the schools offer facilities for a vast gamut of sports and extra-curricular activities including athletics, gymnastics, badminton, basketball, netball, cricket, swimming, karate, band western & brass band eastern, kiddies activity time, choir, cubing, debating, drumming, guiding, little friends, orchestra, scouting, soccer, strength training, swimming, table tennis, tennis, rigger, chess, scrabble, dancing and music. Provision of scholarship to children who excel in the academic, sports

and extra-curricular arenas, is a regular feature. Types of scholarships and duration depend on a scheduled criteria.

Lyceum students have given outstanding performances in the Cambridge O/L and A/L Examinations. A considerable number of students have achieved world best and island best places in both O/L and A/L Cambridge and top places in the National A/L Examination. Lyceum collects more than 40% of awards at the Cambridge award ceremony every year.

The Kandyan Dancing section conducts a series of presentations during school concerts. ‘Maathra’ – an outstanding programme, staged 8 times annually, since 2008, has proved to be extremely popular. Lyceum was able to win 5 State awards for innovative items at State Drama Festivals during recent years.

The Lyceum Group of Schools has generated a massive number of employment opportunities. Past students are welcomed back as members of staff. Similarly, Lyceum students are also employed in varied capacities in foreign destinations.

Years come and years go, but Lyceum goes from one pinnacle to another. Always remembering these words of the famous poet:

**“The highest education is that which does not merely give us information, but makes our life in harmony with all existence”.**

**- RABINDRANATH TAGORE**

**“Leaving footprint in the Sands of Time”.**

## LYCEUM RESHAPES THE FUTURE EDUCATION OF OUR MOTHERLAND

“Lyceum Our Alma Mater” started with just 7 students and 4 teachers by our Founder, Mr. Grero. Lyceum has now spread its wings around the country having reached a student population of more than 17,500 in just 23 years since its inception.

It is impossible to grow at such pace in a competitive field yet our school has proven it possible. This shows the determination of our Founder whose sole intention was to educate children in the English medium rather than to make profits.

When I first stepped into this school I was excited; new school bag, new books, new faces but most importantly, they were kind faces. At the end of my first school day itself I knew this was my second home. I was nurtured and brought up like their own child by my teachers, who guided and protected me, in order to mould me into the person I am today.

The unique element of our school that distinguishes it from other international schools is that it inculcates the values of the true Sri Lankan Culture in each and every student that walks through its gates. From the primary grades, I remember how we were taught to practise the five human values which to this day, I remember - Truth, Love, Peace, Non-Violence and Right Conduct. With values like jewels embedded in each and every Lyceumer out there, we surely will make our Founder’s vision of producing citizens who will ‘reshape the future of their Motherland’ become a reality.

It was my school that brought out the best in me,

things I never knew I was capable of. As a student, I loved studying and achieving good grades. There is one gold medal which will always be close to my heart, simply because it was something I had achieved out of my comfort zone. Although talented, I had the fear of public speaking. My teacher who saw the talent in me pushed me to participate in a Speech contest. I remember him saying "Gayathrie, you will win the contest, just go up there and speak" and so I did. Little did he know that he changed a young soul to project her thoughts out to the world and to be the teacher that I am today. I owe my Effective Speech teacher, for taking away from me the fear of public speaking.

My teachers inspired me to a great extent and their invaluable service to make the children of our school excel in anything they choose to do, is what made me choose to become a teacher. That which I received as a student from my school, I want to give back to my students. To take the next generation of students to a greater height. They will keep our Lyceum Flag flying high.

I truly owe everything I am today, with immense gratitude, to Mr. and Mrs. Grero, who have sacrificed their lives, to make all our lives better. As we sing with gusto, “We pledge to thee, our loyalty now till the end of days”.

As one team bound by unity, love and commitment, may Lyceum shine its light on the future citizens of the Motherland for many years to come.

## LYCEUM INTERNATIONAL SCHOOL EXPANDS TO "ETHUGALPURA"

The school will open the Lower Nursery, Upper Nursery, Pre Grade, Grade 1, and will expand up to Grade 12 in future years.

In 1993, Mr. Mohan Lal Grero, the Founder of Lyceum International Schools, took a wise decision to extend his fullest support to uplift the Sri Lankan Education into international standards. He started

Lyceum International School at Nugegoda with only seven students. It has grown up to a group of International Schools, which provides international level education for 17,500 students in just a period of twenty three years.

The new school will offer the same quality of education that Lyceum International Schools have been providing to students since 1993.

Mr. Nikitha Grero, Director commented, that they will provide the children in the Kurunegala District a world class education along with Sri Lankan cultural values from early childhood through the Kurunegala branch including modern facilities, co-curricular activities and a dynamic and experienced academic staff.

## **Dear Parents and My Dear Children,**

It is with great regret that I have decided to depart from Lyceum and resign from the post of Principal of this prestigious school which is also my Alma Mater with effect from 30<sup>th</sup> June 2016 as I have decided to join my family abroad.

It was undoubtedly a challenging task for me but I would like to take this opportunity to thank all parents for supporting and having faith in me. Thank you in a big way for all the support given to the school and for being an undying source of strength and love to our children. I sincerely hope you will continue to extend your cooperation to Lyceum in providing the best for your children.

Dear Children, you all have made my years at Lyceum enjoyable. No doubt I have had both my ups and downs with you but nevertheless, it brought me immense happiness seeing each and every one of you succeed day by day. I was able to recall various memories I had as a student of Lyceum each moment I spent with you. My advice to you is love your school as it will always be your second home and love your teachers as they will always remain your second parents. As quoted by Publilius Syrus, "No one knows what one can do until one tries it out". You have a long journey in life and each move you take starts with a single step. Fear no obstacles but look at the future with great enthusiasm.

A big thank you to Mr. Mohan Lal Grero, Mrs. Kumari Grero and Mr. Nikitha Grero for empowering me to carry out my duties with diligence and also to both academic and non academic staff for supporting me and making my task easy.

I wish each and every one of you the very best of luck in all your future endeavours and may the triple gem's blessings be with you all.

**Ms. Wenuri Hettiarachchi**

Principal – Lyceum International School, Nugegoda.

## **Ms. Wenuri will be resigning as the Principal of Lyceum International School, Nugegoda from 30<sup>th</sup> June 2016**

We sincerely thank Ms. Wenuri Hettiarachchi, a past student of Lyceum, for the dedicated service extended to us. She worked in Lyceum Nugegoda as the Coordinating Principal's Assistant for two years and thereafter served as the Principal for five years. She was a wonderful example for the students of the school. Her wise and strong leadership has been remarkable and inspiring. Dear Ms. Wenuri, thank you for all your hard work, time, commitment and planning that you have put into this school. We wish you the very best in all your future endeavours. I will be assuming duties as the Principal of Lyceum International School, Nugegoda, subsequent to her resignation.

- (Mrs.) Kumari Grero

We regret to inform you that we have to give up the Clion building and the small garden area of that property. This was taken on rent 15 years ago as the owners were abroad. We expected to purchase the property eventually at whatever the price. However the owners did not wish to sell. But we have bought a bigger land adjoining the Niketron grounds for a massive amount and now the children have a 75 perch area to play. We continually try our best to get more space for our children but highly residential area, we are unable to do so. The children will be allowed to go to the Niketron grounds and play during the interval from Gate 1, where the security personnel will be forming a shield for them to walk from Gate 1 to the Niketron grounds, which is almost adjoining the school. We appreciate your understanding in this regard.

We wish to express our gratitude to all Lyceum International Schools who assisted in donating essential items and commodities to be distributed among victimised families due to the recent flood. Your assistance immensely contributed to ease the burden of those families at this grave situation.
