

MESSAGE FROM OUR FOUNDER

Mr Mohan Lal Grero

Heroism comes from within Does a hero have superpowers? Is he handsome? When we think of heroes, we imagine someone in a costume. Other times, we imagine it to be a man with an incredible physique and superhuman strength. True heroes are nothing of the sort.

In 2009, an 11 year old girl began blogging on BBC Urdu about the takeover, by a group of extremists, of her hometown, under the pseudonym Gul Makai. The extremists denied a girls' right to go to school. Her classmates began dropping out for fear of becoming targets. An impending ban on girls in schools looked highly possible as the schools closed for winter vacation. Schools were closed for several months in her area. However, she did manage to return to school but continued to claim the Right to Education for girls. By this time, her identity had been revealed to the whole nation.

On October 9th 2012, a gunman boarded her school bus and shot her in the head. She was in critical condition. The girl survived and showed amazing bravery and optimism on her road to recovery from intricate surgery, a cochlear implant in her brain and a titanium plate in her skull.

She later took her campaign global, as a girls' education activist. The whole world knew her name: Malala Yousafzai. A symbol for girls' Right to Education and an international symbol of peace, she was awarded the National Peace Prize in her country. In October 2014, Malala received the Nobel Peace Prize, along with Indian children's rights activist Kailash Satyarthi. At age 17, Malala was the youngest person to ever receive the Nobel Peace Prize.

She was just an ordinary girl. She felt fear just like you and I. But she knew that standing up for what was right was more important than giving in to fear. What do you believe? What will you stand up for today?
