WORDS OF WISDOM

FROM OUR FOUNDER,
DR. MOHAN LAL GRERO

During a visit to the NASA space center in 1962, President John F. Kennedy noticed a janitor carrying a broom. He interrupted his tour, walked over to the man and said, "Hi, I'm Jack Kennedy.

What are you doing?"

"Well, Mr. President," the janitor responded, "I'm helping to put a man on the moon."

To most people, a NASA janitor was just cleaning the building. But in the more mythic, larger story unfolding around him, he was helping to make history.

Here's the point: no matter how large or small your is role, you are contributing to the larger story unfolding within your life, and when those around you embrace that type of attitude and belief system, incredible things happen.

So the next time you are asked to play a small role in a school play, or be the water boy of the cricket team, don't shy away from it. Take every opportunity that comes your way, and put your heart and soul into it. If you are the water boy, strive to be the best water boy your team has ever had. For when we are faithful in the little things, we can be entrusted with the big things later on in our lives.

SPECIAL EVENTS

GRADUATION CEREMONIES OF GR. 1-5

The Graduations of Grade 1 and 2, and 3 -5, were held respectively on 31st July and 01st August 2018, with all the grandeur they deserved.

The Chief Guest of the Gr. 1 and 2 Graduation Ceremony was Dr. Nirodha Paranawitharana, Senior Lecturer, Faculty of Social Science and Languages of Sabaragamuwa University, while Mr. K. Shivayesunesan Senior Instructor, Faculty of Social Science and Languages of the University of Sabaragamuwa graced Gr. 3-5 Graduation as Chief Guest. Each of the ceremonies included cultural items and the Principal's Report with a video presentation. The event attracted a capacity audience of parents.

GRADUATION CEREMONY OF PRE GRADE

Making a well-intentioned deviation from the normal routine, a special Pre-Grade Graduation was held for the **first time in Lyceum Ratnapura & the whole Lyceum Network** on 03.08.2018, for the little kids promoted to Grade One in 2018/2019 academic year.

This transition (or promotion) is, certainly a significant step in their lives, as from this September onwards, they will be in a formal school environment with several novelties: a school uniform, learning new subjects, following a fixed timetable, working under several subject teachers etc.. Hence, this fresh start.

Responding very positively to our invitation, all the parents attended the ceremony held in the morning. They watched with enthusiasm, as the "graduates" proudly traversed the stage to receive their certificates from the Principal, Mr. Rajiv Ekanayake.

Our thanks are due to the Pre School Coordinators & Pre-Grade Teachers for organizing the event and the parents for their participation.

*Dear Parent,
Thank you very much for your
encouraging participation at the
Orientation Days.*

SPECIAL EVENTS

MUSIC CONCERT

It was a novel experience for the budding musicians and music lovers of Lyceum Ratnapura, when the **first-ever music concert of Lyceum Ratnapura** went on stage on 05th August 2018. The event portrayed several genres of singing: opera to solo picked up from the more popular hits. As a tribute to the late music icon, Sunil Shantha, a few selected pieces from the 'Gramophone Era', were sung by a record number of children comprising novices and veterans. The vocalists were backed by the school orchestra trained by the School Music Unit (Aesthetics Department). The objective of initiating this "Music Concert" is to give more opportunities to the potential musicians & vocalists of LR.

Though the concert fell on a Sunday in August vacation, due to inevitable circumstances, the spectator turn out and staff attendance, were excellent.

IMPORTANT NOTICES FOR PARENTS

I The School Record Book (SRB) contains important information about your child and serves as his/her formal identification at school. Therefore, it is important to provide all information in the SRB and ensure that your child brings it to school every day and show it at the gate. It also serves as a method of communication between you and your child's teachers.

- * The Student's Hand Book (SHB) 1 is issued at the time your child joins the school and contains all the rules and regulations of the school as well as corrective actions. Therefore, please take a moment to go through this book thoroughly.
- * The Student's Handbook (SHB) 2, which is issued every year to Grade 1 - 12 students, contains the school calendar with important event dates as well as the examination timetable, book lists, etc. The Nursery and Pre-Grade SRB also contains the annual calendar with a few rules, as well.
- * The School Newsletter (The Lyceumer) is usually issued every month and contains various school notices, procedure updates, articles related to our students achievements as well as a summary of upcoming events. Sudden date changes to events, due to unavoidable circumstances will also be notified either in the newsletter or via a separate notice sent through the SRB.
- * The Parent Information Booklet is issued on the Orientation Day by the Class Teacher and contains the summarised syllabi and schemes for the academic year.
- * Ensure that your child follows the school's dress code - stated in the SHB 1. (**Note: Only Lyceum caps can be worn with the uniform for outdoor events. However, they must be removed upon entering the school premises. Other caps worn will be confiscated.**)
- * Clearly Label all your child's belongings (i.e. school bags, stationary, uniforms, shoes, clothes, bottles etc.), so that they can be claimed back if misplaced. If your child loses/ misplaces an item, please check the '**lost and found cupboard**' in the school office, the very next day.

- * Do not send money in your child's school bag (i.e. for van fees, trip costs etc.) as the teachers will not be held responsible for money that is misplaced. Instead, please insert the money in your child's SRB and write a note to the teacher to inform this.

Please note that they are unedited.

The sea

The sea is a sacred place which god has given to many human beings and other marine creatures. The sea itself is a glorious place. There are many fishes that live in the sea such as sharks, whales, catfish, dolphins and many more.

Unfortunately the sea is destroyed by human beings. Human beings destroy by over fishing, using anchors and many more.

The sea is one of the most beautiful places. There are many advantages of the sea. The sea is dangerous on windy days because the waves are so high. The sea is the home of many marine creatures.

The sea is a gift from the nature, so protect this precious thing.

Air Travel

Air travels are so amazing. I love air travels. On my first air travel I was so scared. But the next time I was really excited. And when I saw the plane I was surprised because I have never seen a huge plane like that and then I asked my mother. My mother told me you have seen planes for far away in the sky but the real size is this.

When I was going in my air travel we sat near a window and it was way way up high. I saw beautiful things from up there I loved it so much. And at last we visited Thailand. I loved Thailand too, more than that I loved my air travel. And I am waiting to go on another Air Travel.
