WORDS OF WISDOM

FROM OUR FOUNDER, MR. MOHAN LAL GRERO

Do you wonder what it would take to become happier? Learn how to be happy with yourself by mastering the secret of happiness. Here are some of the most important choices you can make to live a happier life.

Have a purpose - Your life doesn't have a purpose until you choose your life's purpose. So make that choice, and choose well. There is a very high correlation between lives of high purpose and joyful lives.

Take action - Be Bold. Once you know where you are going, get started. A life of action is almost always happier than a life of procrastination and inaction. Even if you are unsure about what to do next, do the best you can. Make some progress every day, and celebrate even your smallest accomplishments.

Honour yourself - Love yourself as you are. Honour, self respect and self love are crucial to your happiness. Don't confuse these essential attributes with pride.

Forgive others - Holding on to resentments, anger and hatred will only hurt you, and robs your life of joy and happiness. For your own sake, for the sake of your happiness, forgive those who have offended or harmed you.

Always do your best - Your very best, every time. But once it is over, let it be done, whatever the outcome. Learn lessons from your failures, but never label yourself as a failure. Forgive yourself for your mistakes or the things you have failed to do, or the ones that didn't work out the way you intended.

Be grateful for all of life - Gratitude unlocks the fullness of life. It turns what we have into enough, and more. It turns denial into acceptance, chaos into order, confusion into clarity. It can turn a meal into a feast, a house into a home, a stranger into a friend. Make the choice to be constantly grateful for all of life, not because you are supposed to be grateful, but because you will live a much happier life if you have a grateful attitude.

Be of service to others - There are many ways to be of service, and they are all wonderful as long as they are sincere. Being of service can be caring for a sick relative, volunteering with the Red Cross, it can be finding a cure for a disease or even selling a product that you truly believe will greatly help people. Being of service is an attitude rather than an action. You should act with the aim of helping others rather than the aim of earning money. Being of service allows us to live a fuller life, to live beyond ourselves, to leave a lasting legacy. I have made it my mission in life to be of service to others and I've been blessed to receive an opportunity to serve my country.

CONGRATULATIONS!**TO OUR DEAR STUDENTS WHO PERFORMED EXCEPTIONALLY WELL AT THE CAMBRIDGE O/L & A/L EXAMINATIONS 2017****O/L Results**
