Your suggestions are welcome. We would appreciate if you could put in your suggestions to the Suggestion Box kept at the Gate No. 1.

Old Uniforms

Please do not give old uniforms to outsiders. If they are seen wearing, it is not nice for the image of the school. Instead, send them to School Nurse.

Message from Mr. Mohan Lal Gero Founder

Maturity is many things. It is the ability to base a judgment on the big picture, the long haul. It means being able to resist the urge for immediate gratification and opt for the course of action that will pay off later. Thomas Edison was one such person who was able to keep on trying till he succeeded.

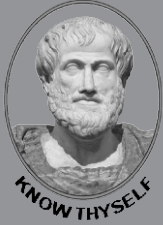

Edison tried two thousand different materials in search of a filament for the light bulb. When none worked satisfactorily, his assistant complained, "All our work is in vain. We have learned nothing." Edison replied very confidently, "Oh, we have come a long way and we have learned a lot. We know that there are two thousand elements which we cannot use to make a good light bulb."

A true sign of maturity is when you are willing to take responsibility, and this means being dependable. Dependability is the hallmark of integrity. A sign of maturity also means keeping your word. Do you mean what you say-and do you say what you mean? Unfortunately, the world is filled with people who cannot be counted on. When you need them most, they are among the missing. They never seem to come through in the clutches. They break promises and substitute alibis for performance. They show up late or not at all.

Dear children, you need to have the ability to make a decision and stand by it. Immature people spend their lives exploring endless possibilities and then doing nothing. Action requires courage. Without courage, little is accomplished. Let us take these words of Thomas Edison to our hearts. **"Our greatest weakness lies in giving up. The most certain way to succeed is always to try just one more time."**
