Message from our Founder Mr. Mohan Lal Grero

As young children you must have dreams of doing a great job, possessing a university degree, or maybe owning your own car. As I have written many times before, you must always dream big and never settle for small things in life. Also help those around you as you walk this life's journey.

Josh was a young executive who managed to save enough money to buy a new car. One afternoon while he was driving, a brick sailed out from nowhere and smashed the side of his new car. He reversed the car to the spot and got out to find a small boy with tears running down his face standing by the side of the road. As angry as he was he managed to ask the youngster why he threw a brick. Sobbing the boy replied "It's my brother sir, the wheelchair toppled and he rolled off," he said. "Would you please help me get him back into his wheelchair? He is hurt and he's too heavy for me".

Moved beyond words, Josh helped the boy and attended to his needs. He watched them continue to go on their way. Josh never fixed the side door of his car, and kept the dent to remind him not to go through life so fast that someone has to throw a brick at him to get his attention. Be aware of the needs of those around you. As Mahatma Gandhi once said, "The best way to find yourself is to lose yourself in the service of others".
